

HOW TO MEASURE FOR PSSO UNIFORM

NOTE: Please follow these directions.

Our uniform supplier has their own way of sizing, which does not necessarily conform with other places.

Use a seamstress-type tape to measure. (If you don't have such a tape measure, you can use a string that doesn't stretch, and then measure it with a regular tape or ruler – be as accurate as possible for best fit.) Record the measurements below and turn them in to the North Campus or send them via a reply to this email.

Girls, wear a light-weight top and bra, if applicable, and your performance shoes (black, close-toed dress shoes). If you don't have the shoes yet, wear a pair with similar heel to what you will get.

Record the measurements in feet/inches (not metric) below and send them via a reply to this email.

GIRL'S NAME:

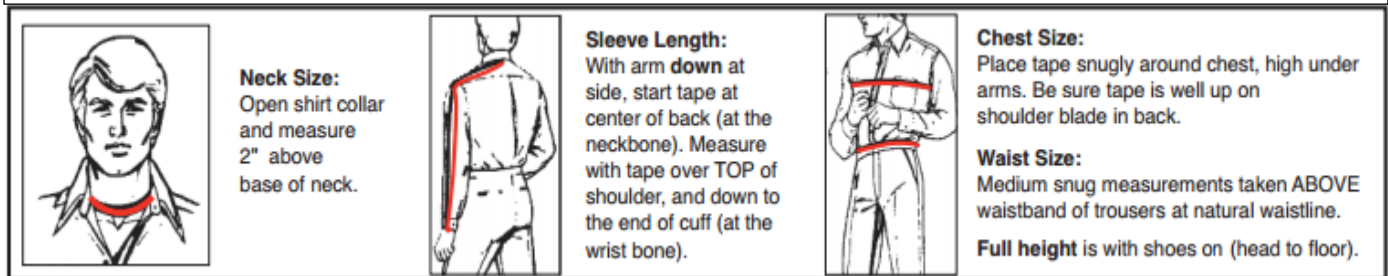

Bust:

Natural Waist:

Hip:

Height with your performance shoes on (black closed-toed dress shoe):

Boys, wear a light-weight shirt and your performance shoes (black, close-toed dress shoes). If you don't have the shoes yet, wear a pair with similar heel to what you will get.

BOY'S NAME:

Neck (do not add extra):

Chest:

Sleeve:
