## Pre-Twinkle Partner Classes

1. Violin, viola, cello and piano students aged 3 begin in Pre-Twinkle partner classes; students aged 4 begin in partner classes if possible and private lessons if a partner class cannot be arranged; students aged 5 and above begin in private lessons. Partner lessons do not begin until a match of student ages and faculty times has been found. Please be patient-this often takes time.
2. Pre-Twinkle partner classes meet two times a week and are comprised of two to three students of similar ages.
3. Pre-Twinkle partner classes are usually offered in the morning or early afternoon (9AM-3PM) depending upon faculty availability.
4. Pre-Twinkle partner classes are offered in fall and spring semesters, not during the summer term.
5. Since parental involvement is an integral part of the Suzuki method, parent attendance is required at all partner classes.
6. For Preucil preschool students interested in enrolling in music lessons, please consider partner classes immediately before the start of the preschool day or immediately after preschool finishes (dependent upon faculty availability).
